Personal business usage:

Use the Table of Contents to zero in and examine those key critical WSOs you feel would benefit from your business. Once you uncover something that seductively whispers to you, “Click on me!”, well, click on it! And you'll be taken to the description page to learn more.

This fingertip convenience will save you hours and hours of searching!

PLR usage

If you invested in the PLR version of **Profitably Convenient Fingertip Daily WSOs**, you have the source document available.

Some customizing ideas include:

- You can change the headers and footers to reflect your site/ads, etc.
- You can change Honorable Samurai to your own mascot and change the links to reflect to your affiliate ID.
- You can slice up the report into specific chapters and create individual reports.

Now, all of the links in **Profitably Convenient Fingertip Daily WSOs** are cloaked¹ – they specifically go to pages at <http://www.dailywsos.com>. However, you can edit the link to reflect instead your own cloaked link on your own server.

Key!

In the official **Profitably Convenient Fingertip Daily WSOs** product zip, you have a directory entitled “links”. Within that directory is the subdirectory “discover”, and under that....are all of the cloaked links you'll find in this report. You don't even have to search them up at the Warrior Plus forum; I've cloaked them for you!

1 Visit [Beginners Affiliate Marketing Tips for Power Starts](#) for more info about link cloaking.

you can simply change² the affiliate ID to your affiliate ID in all the files, upload the “discover” directory to your server, and then edit the PLR to reflect your domain.

Your Warrior Plus affiliate ID is the last batch of numbers that show up after your affiliate link. So, let's say that one of your affiliate links is

<http://www.warriorplus.com/linkwso/x1msjm/18217>

Your Warrior Plus affiliate ID would be 18217.

Now, that happens to be my WarriorPlus affiliate ID (*I wanted to give you a working example*). Thus, you would find your OWN Warrior Plus Affiliate ID, and then edit all the files within the links/discover directory like so:

Replace 18217 with your WarriorPlus affiliate ID via the find/replace tool.

To learn more about WarriorPlus affiliates, visit

<http://www.warriorplus.com/support/knowledgebase.php?category=5> .

With that, it's time to reveal the very best of the profitably convenient fingertip daily WSOs of November of 2011! Turn the page and enjoy.

² <http://www.replsoft.com/replacer.html> is a multi-file find-replace utility.

Automatic Social Media Traffic WordPress Plugin

[November 25, 2011](#)

Automatic Social Media Traffic WordPress Plugin Benefits

(comes with developer license!)

This is a wordpress plugin that helps convince people to like/promote your stuff. In a word:

How it Works Like Magic: When someone visits your WordPress blog, you can instantly invite him (or her) to Like your website! You can give them whatever you wish to ethically “bribe” them – after Liking, allow them to access your post or blog page, give them a valuable gift or as simple as just ask them to Like (you can also get them to Plus One or Tweet).

I like to just invite without “bribing” them with any free stuff. Don’t underestimate your website visitors; sometimes, they’ll just Facebook Like, Google Plus or Twitter Tweet your website because you’ve asked them to do so! Besides, if they don’t, you don’t lose anything at all — but by just ASKING, you could be adding plenty of Likes, Plus One’s and Tweets automatically!

This product benefits you by making it easy for people to tell their friends about your site..

Automatic Social Media Traffic WordPress Plugin Benefits

Don’t underestimate your website visitors; sometimes, they’ll just Facebook Like, Google Plus or Twitter Tweet your website because you’ve asked them to do so! Besides, if they don’t, you don’t lose anything at all — but by just ASKING, you could be adding plenty of Likes, Plus One’s and Tweets automatically!
