## PLR usage

If you invested in the PLR version of **Profitably Convenient Fingertip Daily WSOs**, you have the source document available.

Some customizing ideas include:

- You can change the headers and footers to reflect your site/ads, etc.
- You can change Honorable Samurai to your own mascot and change the links to reflect to your affiliate ID.
- You can slice up the report into specific chapters and create individual reports.

Now, all of the links in **Profitably Convenient Fingertip Daily WSOs** are cloaked<sup>1</sup> – they specifically go to pages at <http://www.dailywsos.com>. However, you can edit the link to reflect instead your own cloaked link on your own server.

**Key!**

In the official **Profitably Convenient Fingertip Daily WSOs** product zip, you have a directory entitled “links”. Within that directory is the subdirectory “discover”, and under that....are all of the cloaked links you'll find in this report. You don't even have to search them up at the Warrior Plus forum; I've cloaked them for you!

1 Visit [Beginners Affiliate Marketing Tips for Power Starts](#) for more info about link cloaking.

you can simply change<sup>2</sup> the affiliate ID to your affiliate ID in all the files, upload the “discover” directory to your server, and then edit the PLR to reflect your domain.

Your Warrior Plus affiliate ID is the last batch of numbers that show up after your affiliate link. So, let's say that one of your affiliate links is

<http://www.warriorplus.com/linkwso/x1msjm/18217>

Your Warrior Plus affiliate ID would be 18217.

Now, that happens to be my WarriorPlus affiliate ID (*I wanted to give you a working example*). Thus, you would find your OWN Warrior Plus Affiliate ID, and then edit all the files within the links/discover directory like so:

**Replace 18217 with your WarriorPlus affiliate ID via the find/replace tool.**

To learn more about WarriorPlus affiliates, visit

<http://www.warriorplus.com/support/knowledgebase.php?category=5> .

With that, it's time to reveal the very best of the profitably convenient fingertip daily WSOs of October of 2011! Turn the page and enjoy.

## **Offline Business eZines**

[October 8, 2011](#)

## **Offline Business eZines Benefits**

Really nice package that gives you:

**6 Feature Articles:** Designed to address the questions, concerns and needs of your clients customer base. These articles are at least 400 words, and often longer. You can split them into two articles, place only a portion in the newsletter and encourage the reader to finish the article on your client's website (where they are exposed to more information about the business), and/or use them as fodder for podcasts, videos and special reports.

**10 Tips:** Need more content? These tips dovetail nicely with the content in the feature articles that month. They can be used in a prospecting email list for people who are not yet your clients customer OR inserted into the newsletter template for current customers.

**Illustrations and Photos:** Would you like a way of graphically illustrating the point behind the feature article? Use these photos in your ezines or on your clients' sites.

We show you exactly where the photos came from and give you the same resources you can search.

**Ezine Templates:** Not every autoresponder has the template you want to use. We have four professionally designed templates available AND a How To Guide that walks you step-by-step through customizing the template specifically for your clients.

**Graphic Headers and Icons:** Graphic headers and icons can be used in the ezine or on the website. The icons represent Facebook, Twitter, Telephone/Fax, Video, Questions and Answers, Read More and Spotlight – and coordinate with the header graphic.

**Resources:** Links to graphic designers, video editors, writers and free Internet resources and services that directly impact your ability to work productively with your clients.
